Technical Skills

- **Primary:** C, Java, Python.
- **Secondary:** Django, ReactJS, Android Studio, HTML, CSS, Express.js, Node.js

Education

Pursuing Bachelor of Technology (B.Tech) — **KL University Hyderabad**
Artificial Intelligence and Data Science — *2023-2027*
Aggregate CGPA: 9.45/10

Intermediate Education — **Narayana junior college**
MPC — *2021-2023*
Aggregate Marks: 977/1000

Secondary School — **Sree Aditya Concept School**
Aggregate CGPA: 10/10 — *2021*

Projects

Library Management System

Built a Library Management System in Django with features like book listing, search, issue/return tracking, user registration, and admin control.
• Implemented efficient CRUD operations using Django ORM and developed responsive HTML-Bootstrap templates based on the MTV architecture.

Food Recipe using

• Built a cross-platform Food Recipe app using React Native and Expo with category-wise browsing, search, and detailed recipe views.
• Utilized React Hooks for state management and created reusable components, with recipes stored in a local JSON file (API required).

Achievements

- AWS Certified Cloud Practitioner certificate
- GitHub Foundation
- Convolutional Neural Networks Certification in Coursera
- Certified Advanced Automation Professional by Automation Anywhere
- MongoDB Associate Developer
- oracle cloud infrastructure 2025 certificate architect associate

Internship Experience

Infosys Springboard Virtual Internship 6.0

AI-Powered Loan Eligibility Advisory System

• Developed an AI-driven system to analyze customer profiles and provide intelligent loan eligibility recommendations using machine learning models.

• Designed to streamline the loan approval process by improving decision-making accuracy, reducing manual effort, and enhancing customer experience.
